

ALUMNUS OF THE MONTH OCTOBER 2024

Daisy Harris

Upon joining St Thomas More in 2022, I had very little knowledge of what my next steps after sixth form would be. I chose to study psychology, sociology, and media due to my love and interest in the subjects. I was always somebody who didn't think too much about the future and very much kept myself in the present moment. However, when year 13 rolled around, I knew I had to begin exploring opportunities.

This was nerve-racking for me, as I still had little knowledge about what I wanted to pursue. However, due to the incredible support I received from the school and my teachers, I was able to both apply for university and for apprenticeships. I knew I wanted to keep my options open, and this was possible due to the resources and assistance provided at this crucial time. The concept of an apprenticeship was new to me, as previously I hadn't considered anything other than university, so this really sparked my interest. Thanks to the information I had learnt, I was able to find apprenticeship openings online and, long story short, secured myself an interview and received an exciting job offer!

Now as I am writing this, I have just completed my first week of work in London as a Business Administration apprentice, and I could not be happier and prouder of myself. I would not have been able to get here without the help and encouragement from my teachers and the excellent understanding I gained from the school about the different opportunities available after sixth form. I will always be grateful for my time at St Thomas More!

To any STM students unsure as to what the future holds for you, explore all kinds of opportunities! Remember, your teachers will support you unconditionally. Good luck! Daisy – Alumni STM

PROFILE:

NAME: Daisy Harris

JOB: Business Admin
Apprentice

YEAR left STM: 2024

A LEVELS studied:
Biology, Sociology and
Media Studies

ALUMNUS OF THE MONTH OCTOBER 2024
